## THE NATIONAL TRUST – SRI LANKA

### SECRETARY GENERAL'S REPORT FOR THE YEAR 2013

Mr. President,  
Trustees,  
Members of the Sri Lanka National Trust  
Ladies and Gentlemen.

As Secretary General, I am pleased to present the Annual Report of the National Trust for the ninth consecutive year. Nine years have passed since the establishment of the National Trust in May 2005 and I wish to report that, by now we have become a strong non-governmental body, well recognized nationally and internationally. The general membership of our organization is a total of **320 heritage conscious citizens** many of whom are academics and professionals. **114 are Life Members with more annual members opting for Life Membership.** The majority of our members being enlightened citizens have served the nation for more than three decades, while others still continue to contribute their share. Let me take this opportunity to remember Mr. Elmo Alles who passed away a few months ago. He was an active member and helped us by organizing very useful seminars and workshops, as Chairperson of the Ancient Routes Committee. We deeply mourn his loss.

The year 2013 also showed much promise for the National Trust as seen by its achievements and the successful implementation of a number of heritage based activities which benefited its members in particular and the public in general. On behalf of the Trustees, I wish to place on record our sincere appreciation of the contribution and support extended to the Trust by the general membership. The main reason for another successful year of the National Trust, we believe, has been the dedication of the Trustees and the Members as well as the team spirit and enthusiasm of the two groups.

As has been the tradition, the National Trust arranged opportunities in the year 2013 for each member to meet most of their fellow members by participating in a number of activities of heritage interest. One such activity which brought the membership together and kept the National Trust alive throughout the year was the gathering at **the monthly lecture.** The National Trust was successful in organizing and conducting the lecture series scheduled for the year. The topics of the lectures covered various subjects of heritage interest - the presenters were recognized scholars and professionals in the respective fields. In addition to enriching their knowledge, the members had opportunities to interact with each other by participating in the discussions, and contributing their knowledge and experience on the respective subjects. In turn, the National Trust, provided an opportunity for the audience to get to know scholars in the respective fields. Of the 59 special lecture series eleven (11) presentations were held in 2013 and were well attended by more than 200 persons. In addition to the educational and academic value, the special monthly lectures brought much publicity to the National Trust and its activities - a source of encouragement to both the membership drive and its fundraising efforts. The results have been immensely gratifying as shown by the response of the scholars who delivered the lectures in an honorary capacity.

**Lectures conducted in 2013;**

1. “Sigiriya in a Global Landscape Context” by Dr. Nilan Cooray
2. “Flags of Sri Lanka” by Prof. Nimal De Silva
3. “Sri Lanka: Ancient and Early Maps” by Prof. Senake Bandaranayake
4. “Oru and Maha Oru : their techno-cultural aspects” by Prof. Vini Vitharana  
and Lt. Cdr. Somasiri Devendra
5. “Aubrey Collete –Art, Life and Politics- A Profile of My Father” by  
Ms. Cresside Collette
6. “Sinhala Drama Music” by Dr. Jayalath Manorathne
7. “Language on Coins and Bank Notes of Sri Lanka” by Dr. Kavan Rathnatunga
8. “Fresh Water Fish in Sri Lanka and its Export Trade” by Mr. Samantha  
Gunasekara
9. “Thesavalamai ,the Law and Its Application” by Mr. Kanag Isvaran (PC)
10. “Ananda and Ethel Coomaraswamy and the making of Medieval Sinhalese  
Art” by Archt. Ismeth Raheem
11. “The Art of Making Sri Lankan Masks” by Prof Lionel Bentharage

We wish to place on record our appreciation of the presenters who accepted our invitations to conduct the lectures in an honorary capacity We are also thankful to the **Hatton National Bank for making available the HNB Auditorium at the HNB Towers for our monthly lectures.**

Today after the AGM we will be listening to our **60<sup>th</sup> lecture** “ A Voyage in Sri Lankan Design” presented by Archt. Tilak Samarawickrema.

I am glad to announce that plans are underway to reactivate the simultaneous transmission of the lecture presentations to Kandy which had been interrupted during past few months due to technical reasons. We thank the members of the Lecture Committee headed by Mr. U.L.Kadurugamuwa, Mr. N.G. Wickremeratne, Mr. Kanag Isvaran, Prof. Arjuna Aluvihare of the Kandy Team , Major General Lohan Goonewardena and the team of volunteers of F. J. and G. De Saram for their continued support in the coordination of these lectures throughout the year.

In addition to the monthly lecture sessions, the members were given an opportunity to meet in smaller groups when they joined in **Quarterly Heritage Tours** and attended seminars held outside Colombo. Four Quarterly Heritage Tours were conducted successfully during the year enabling members who participated to be more knowledgeable about a large number of lesser known heritage sites in the country. Scholars who participated in the tours volunteered to guide the others, booklets were prepared as a guide to each of the tour for the benefit of the participants. A separate volume titled, **“Cultural Day Tours”** was also published during the year covering all quarterly tours that had been conducted. This book gave due recognition and respect to a dearly loved Trustee **the Late Ms. Nirmala de Mel** who served as the Chairperson of the Heritage Tour Committee until her untimely death. An important **tour cum seminar** was also organized during the year in December, by the **Ancient Routes Committee** of the Trust outside Colombo at the ancient **Fort of “Balana”, near Kadugannawa** and it

was attended by more than 50 participants. I wish to thank the new chairperson of the committee, Ms. Rohini Nanayakkara and Mr. Sri Lal Perera for the initiative taken in organising both the tour and the seminar.

The National Trust continues its practice of conducting regular monthly **Progress Meetings of the Trustees and Meetings of the Management Committee** through out the year without any interruption. The Trust conducted the 92<sup>nd</sup> Meeting of the Trustees just an hour ago to work out the policies, plans and strategies to be implemented and to review the progress of projected activities. Twelve meetings were held during the year under review. These meetings are vital as they create an opportunity for the relevant experts to workout strategies in relation to the development needs of the cultural and natural heritage of the country and to assist the public and the private institutions to get the best strategies implemented. As a policy, the Trust has extended its support and consultancy services to outside organizations free of charge. **The Management Committee** meets two weeks before every monthly meeting of the Trustees. As reported at the last Annual General Meeting, one of the main driving forces behind the success of affairs of the Trust during this year too, has been the role played by the “Management Committee” that worked out every minute detail of the programmes of activities, covering all aspects, paying special attention to fundraising, effective management of finances, the membership drive and the policy frame work in relation to the day to day operations. On behalf of the general membership, let me take this opportunity to extend our gratitude, to the members of the Management Committee namely, Prof. Nimal de Silva, Dr. Roland Silva, Mr. N.G. Wickremeratne, Mr. U.L.Kadurugamuwa, and Mr. K. Kanag-Isvaran for working with much dedication throughout the year along with the representatives of the **HNB Sustainability Foundation** and Ms. Devika Anthonisz of the National Trust office and Major General (Rtd) Lohan Goonewardena of M/S F. G. J de Sarams and other volunteers who supported the committee to reach the present level of success.

The expansion of other heritage related activities of the National Trust has been remarkable, during the year. Let me now highlight some of the other heritage related activities implemented during the year and the related sub-bodies which assisted the trust to achieve results. **Scientific Sub-Committees of the National Trust** which are **eight in number** conducted regular monthly meetings and discussions to formulate and carryout plans covering their respective specialized subjects and so supported the main body. As was reported in the past the programmes implemented by these committees were of immense importance to the Trust and to the heritage of the nation at large. These covered a wide range of heritage subjects namely: **Monuments and Sites, Moveable Artefacts, Natural Heritage, Intangible Heritage, Paintings, Sculpture and Visual Arts, Architectural Conservation, Cultural Routes and Industrial Heritage**. As all are aware, the Scientific Sub-committees comprised of professionals and outstanding persons in the relevant areas of heritage studies. The professional input of these personalities and heritage matters have been of much importance to the activities of the Trust. Some of the sub-committees helped to publish their work in the form of research material and books to supplement the special publication series while others conducted workshops and seminars of heritage importance to the members and the general public. Due appreciation has to be placed on record here to Dr. Roland Silva, Prof. Nimal De Silva and the members of the sub-committees as well as the relevant

Chairpersons for encouraging and assisting the sub-committees and especially to Dr. Nilan Cooray and Mr. Prasad Fonseka, for coordinating the Scientific Sub-committee meetings..

The **publication of a series of ten special volumes on Cultural and Natural Heritage** also continued and a total of seven volumes has been published to date including the volume titled “ **Maritime Heritage of Sri Lanka**” authored by 20 learned writes and edited by Dr. Sarala Fernando and published during the year under review. The series of special publications which are already available on sale are ;

1. Birds of Sri Lanka, 2. Flowering Plants of Sri Lanka. 3. Heritage Buildings of Sri Lanka, 4. 20<sup>th</sup> Century Painters of Sri Lanka, 5. Heritage Photography of Sri Lanka 6. Coral Reefs of Sri Lanka, 7. Maritime Heritage of Sri Lanka. In addition to dissemination of knowledge among the public on Sri Lanka’s heritage ,the publication project supported the National Trust as a mean of raising funds.

On behalf of the Trustees and the general membership I take this opportunity to extend the gratitude of the Trust to the authors, the designer and the copy editor for devoting their valuable time in writing, designing and editing these handsome volumes and so making their contribution to the nation. The National Trust wishes to place on record its appreciation to the sponsors who contributed funds to meet the cost of printing, thus extending their generosity to promote the cultural traditions of our country. We also thank the Trustees who took the initiative to find suitable sponsors towards this worthy project.

#### **Membership drive , Extension of Trust Activities and Raising of Funds :**

With a view to expanding its activities and making the Trust more popular among a wider public, the membership drive was launched with a 350 membership target. This was achieved to a great extent during the year with the regular appeals made monthly after every lecture. The National Trust target of membership was achieved thanks to the untiring efforts taken by the Members of the Management Committee. A fair number of young members have joined the trust by now and the number of **life members increased to 114**. There are plans underway to expand its activities geographically to other parts of the country. As an initial step there is a plan to make copies of the special monthly lectures available to heritage enthusiasts living in outstations such as Kandy, Galle and Jaffna.

Due to its various fund raising efforts, the Trust increased its **income to a sum of Rs 4.2 million** by the end of 2013 providing sufficient funds to run its day to day activities. **Total spending has been Rs 2.8 million**. However we still need sponsors for the special publications programme. Details regarding expenditure are given in the Audited Statement of Accounts already made available to you. We take this opportunity to thank the Management Committee which guided the Trust to have a more effective management and control system in its income and expenditure and M/s Ernest and Young for auditing of accounts in an honorary capacity. The sources of funding have been local and international donors, sponsors, well wishers, sale of publications and the general membership fees. The Hatton National Bank continued to

contribute generously to meet the day to day expenditure of the Trust during 2013 as well. We thank the Directors of Hatton National Bank for this generous grant.

Another activity of the Trust, **assisting other institutions** and individuals **dealing with the subject of the preservation of heritage and the promotion of international cooperation** on heritage activities also continued during the year.

As it was practiced in the previous years, the National Trust continued to be associated with the extraordinary work of collaboration with public and private sector national and international institutions such as The Department of Archaeology, Department National Museums, Urban Development Authority, Colombo Municipality and the National Physical Planning Department on various heritage projects. The international institutions associated with the National Trust were the Prince Claus Fund (PCF) of the Netherlands, the **International National Trust Organization (INTO)**, the Dutch–Sri Lanka Association and the Centre for International Heritage Activities (CIE) in the Netherlands. Action has been initiated with the **IIAS, IHS and NUFFIC** in the Netherlands to conduct a training workshop in June 2014 for middle level professionals of the main Sri Lankan heritage institutions under the theme, “**Urban Heritage as an Economic Asset**” . The National Trust extended its assistance to other private and public heritage institutions in Sri Lanka by providing expert and specialist services and coordinating special programmes with them.

A committee of National Trust experts has been appointed to give advisory support to complement the special project, on the Jaffna Medieval Grid City. Phase I of the conservation of the Malwana Ancient Fort has been carried out with the seed money provided by the Prince Claus Fund and has reached its final stage . Phase II is yet to be completed.

The other Projects undertaken during the past year are the publication of another series, “**The Seven Arts of Sri Lanka - Outstanding International and National Artists**”; the development of **the Website**; and **the Promotion of Modern Arts programme** .

As was in the past, the achievements of the National Trust during the year 2013 have been mainly due to the team spirit and the strong commitment and the dedication of the Trustees, the key members of the Management Committee, the Members of the Scientific and other Sub-Committees, the general membership and the well wishers. The commitment and the enthusiasm exhibited by the team of volunteers who were with the Trust through-out have also been most commendable. Let us take this opportunity to thank them all for their effort.

Hoping to see another successful year of operations, let me conclude my report for the year 2013

H.D.S.Hettipathirana,

Secretary General, 27<sup>th</sup> March 2014

### **PRESIDENTS REPORT FOR THE YEAR 2013**

**By**

**PROF. NIMAL DE SILVA**

Dear Trustees, Dear Members of the National Trust, Dear friends of the Trust,

The National Trust of Sri Lanka established nine years ago has marched forward fulfilling the objectives of preserving, documenting, study and dissemination of knowledge on both cultural and natural heritage of Sri Lanka. I took over the office of the President of this prestigious institution from the unique heritage personality, none other than Dr. Roland Silva who dedicated his life holding prestigious positions in cultural preservation as Director General, Dept of Archaeology, Founder Director General of the Central Cultural Fund and President of the International Council of Monuments and Sites etc. Further we must be thankful to Prof. Senake Bandaranayake for his initiative and contribution made in establishing the National Trust in year 2005.
